CAR PARKING

SPONSORS TENTS – OPENS AT 06:30 AM

Podium Location

COVID-19 Precautionary measurements

- Thermal examination and wearing of masks and gloves are mandatory at the site where competitors gather.
- Maintaining a distance of at least two meters between people.
- A pledge not to involve any contestant who complains of symptoms close to those of Covid-19, especially if he is suffering from a fever.
- Commitment for unloading and lifting boats or bicycles from the water in a safe manner before and after the race and not causing congestion.
- Contestants must disinfect the vessel (tugboat, racing boat, or water bike) before the race.
- Limiting the scorching site and providing one entrance and one exit to facilitate the thermal examination process for all persons inside the site and provide a special room to isolate any case suspected of being infected until the arrival of the special ambulance to transfer it.
- Availing medical staff (a field hospital), which includes coverage for the marine and land areas, as well as the transportation of any injuries that need treatment in the hospital.
